

*Homework for Philosophy 270, Fall 2011*

**Homework on §1.3**—assigned Wed 8/31 and due Fri 9/2

Give your own example of a true sentence that has a false implicature and briefly explain why it is an example. (Most implicatures depend on the context in which the sentence is used, so you will probably need to give a brief account of the context, as is done in the first group of exercises to §1.3.)
