

*Homework for Philosophy 270, Fall 2012*

**Homework on §8.2**—assigned Wed 11/28 and due Fri 11/30

Analyze the following in two non-equivalent ways, and restate each analysis using unrestricted quantifiers. Also, describe a possible world that is a counterexample to the equivalence of your analyses (i.e., describe a situation in which the sentence would be true on one analysis of it and false on the other).

Every consultant proposed a solution
